

Attention Players
Important Table Announcement For
Tornado World Championships 2008

I have been asked about the tables that will be used at this year's World Championships. The tables will be our current model that you saw at the Hall of Fame Classic in March. However, this tournament will conclude our 2008 tournament season and going forward all tables will have the changes you had asked for at this year's Hall of Fame event.

All tables at this year's World Championship will have an "update kit" with improvements including:

- *a new set of men*
- *the new style balls*
- *redesigned score beads*
- *modified bearings*
- *yellow and black handles*

These tables can be updated by the end customer, and the "update kits" will be available for sale at the event. A cost has not yet been determined on these kits; however, I assure you these will be very reasonably priced and will be at *no cost* to those who have bought the new "Stainless Steel" style cabinets after June 1st and at a *significant savings* to all "Stainless Steel" tables prior to that. Supply us with an invoice that shows your date of purchase and we will send your kit to you at the appropriate price.

We will have 4 to 6 of the 2009 Tour Editions at the event with all the improvements you had asked for in the Spring. Play on them at your leisure.

In addition remember the **TEAM EVENT** that will take place at the tournament again this year. Teams from all over the world will be there to take on the defending 2007 Tornado Team Champions, Team USA. Please be there with me to help me cheer on Team USA for their second World Team Title.

There will also be information on hand about the 2009 Tornado National Tour ... ***TNT 2009 FOOS ON FIRE!***

I look forward to seeing all of you there for a great weekend of Foos, fun, competition and all the excitement that only the TORNADO WORLD CHAMPIONSHIPS can bring.

Sincerely,

Dave Courington
